On the way to sustainable management

WELCOME TO ÖREBRO

Örebro is a beautiful town in the very heart of Sweden. The population of 130 000 makes it the seventh largest town in the country.

With its closeness to Stockholm (200 km), Gothenburg and Oslo (both 300 km) it is a natural logistical centre of Scandinavia. Its attractive position makes Örebro a multi-faceted business region and an ideal place for conferences and trade fairs. The infrastructure is good with a Travel Centre for trains and buses as well as Örebro Airport.

Örebro is the Town of Cycling in Sweden. Cycling in Örebro is easy. There are a lot of cycle lanes and in several places it is possible to hire a low cost municipal bike.

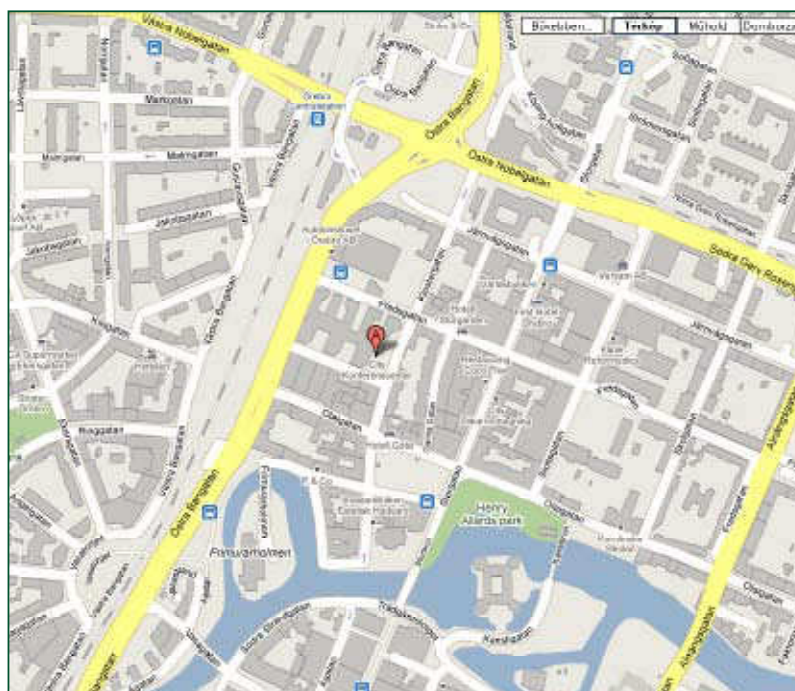

Örebro offers many interesting tourist attractions, the most famous being the castle, which dates back to the 13th century. Örebro has a rich cultural life. Let the magnificent tones of the Swedish Chamber Orchestra enthrall you, as they did the hard-to-please critics of the New York Times during the ensemble's USA tour of 2008. First-class theatre, films and cutting-edge street art are also on the cultural menu.
